

THE NOT-ITS!

WATCH ME SHARE

Hey there, why should I care?

What will it do for me? Sometimes my other friends don't share.

When the other kids come around and they ask if they can play with my legos.

Thought I'd say no, but I changed my mind to yes now here's what I know.

I'm a great friend Watch me share

I'm a great friend See how I care

I'm a great friend Watch me share

I'm a great friend See how I care

I see your friends playing games.

I ask to join the group and then I ask your names.

You're having so much fun playing twister and sorry and boggle and scrabble and monopoly too

I thought you'd say no, but instead you said yes, will you join our crew?

You're a great friend

You're a great friend

You're a great friend

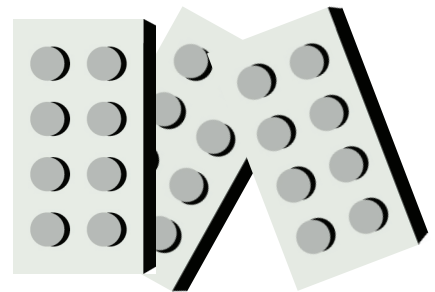

You're a great friend

Watch you share

Watch you care

Watch you share

Watch you care
